RE: Certification of Support for Rural and Non-Rural High-Cost Carriers Pursuant to
47 C.F.R Sections 54.313-314, CC Docket Nos. 96-45 and 00-256

To the Filing Representatives:

The Louisiana Public Service Commission hereby certifies that, as outlined in the attached affidavits, all federal high cost support provided to rural and non-rural carriers in this state will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with section 254 (e) of the Communications Act of 1934, as amended. This includes High Cost Loop (HCL) support, Local Switching Support (LSS), High Cost Model (HCM) support, and high cost support received pursuant to the purchase of exchanges.

Contained herein are lists of rural and non-rural carriers certified by the Louisiana Public Service Commission pursuant to sections 54.313 and 54.314 of the FCC's rules (47 C.F.R. §§ 54.313, 54.314), which require states to establish an annual certification process for rural and non-rural carriers receiving federal high cost support. As requested by the Universal Service Administrative Company, listed beside each carrier is its assigned study area code (SAC), if known. Additionally, in support of the certification, attached are affidavits filed on behalf of the carriers.

Re: High Cost Certification of Sprint Nextel Corporation (f/k/a Sprint Corporation) LPSC Docket No. 29954

Dear Mr. St. Blanc:

This certification, is provided pursuant to 47 C.F.R. §§ 54.313 and 54.314. On behalf of Sprint Nextel Corporation ("Sprint Nextel"), I hereby certify, under penalty of perjury, that all high-cost universal service support provided to Sprint Nextel for the 2009 calendar year will be used only for the provision, maintenance and upgrading of facilities and services for which the support is intended, pursuant to Section 254(e) of the Telecommunications Act of 1996.

The Louisiana Public Service Commission ("LPSC") issued Order No. U-29954 on March 29, 2007 consolidating the previous eligible telecommunications carrier ("ETC") designations of Sprint (Order No. U-27509) and NPCR, Inc. (Order No. 27289) and expanding these existing designations. Sprint Nextel was subsequently certified as an ETC with the FCC and USAC. Sprint Nextel's eligibility to receive continued ETC support for the 2009 calendar year is dependent upon the LPSC providing re-certification of Sprint Nextel's eligibility to the FCC and USAC on or before October 1, 2007. See 47 C.F.R. §§ 54.313(d)(3)(i) and 54.314(d)(1).

Accordingly, Sprint Nextel hereby requests that the LPSC transmit a letter to the FCC and USAC to provide for the certification. Please reference SAC No. 279008 (Sprint) and 279006 (NPCR, Inc.) in the certification transmittal to USAC. The letter will need to be received by the FCC and USAC on or before October 1, 2008 to be effective.

Thank you for your assistance in this matter. Should you have any questions, please call Bill Atkinson at (404) 649-0001, or John Mitus at (913) 794-2213.

Sincerely
